

COURSE: LINKEDIN TRAINING

Online | 09h00 – 12h00 | R1 620

WHAT IS THIS COURSE ABOUT?

LinkedIn isn't all that difficult to use but applying LinkedIn best practice will ensure that your efforts are not wasted. We will walk you through the setup and optimisation of your personal and business page so that all of your information is up to date, relevant and ultimately does its job.

Once your page is ready we will discuss the best ways to engage with other LinkedIn users and to grow your page followers. Our advice includes what and when to post and how to respond and interact. The course will end with training on LinkedIn paid advertising where you will learn how to boost your marketing efforts and reach people outside of your follower circle.

Our training sessions are informal and the course outline is often shaped by the knowledge level of the group. Come armed with questions and we'll answer them!

THE COURSE OUTCOMES INCLUDE BUT ARE NOT LIMITED TO:

- Creating a personal LinkedIn profile and a LinkedIn business page
- Learning to manage your LinkedIn Company Page and LinkedIn Analytics
- Learning to manage LinkedIn paid advertising
- Understanding Showcase Pages
- Understanding LinkedIn Groups
- Identifying strategies for success and best practice
